

Come join us for our Special Needs Dance Class at Innovative Dance!

Our class is for kids who love to dance that need some extra support! This class recognizes that all children grow and develop at different paces. It is designed to invite children with special needs into the world of dance. Classes will be structured to support a variety of dance disabilities including, but not limited to: AD/HD, autism, spectrum disorder, learning and communication disability, and Down syndrome.

About the class:

Kids will be learning basic dance technique involving ballet and jazz as well as developing rhythm, imitation, social skills, taking turns and sequencing in a fun and supportive environment!
